— Duska Mills

"My good friends were having amazing results with this liquid collagen, so I thought I'd try it despite being very skeptical since I use good product on my face somewhat routinely. The ingredients are incredible, but I never really expected this. Two words: BLOWN AWAY!"

ISAGENIX

It's Time to Get Glowing

Glow Radiantly, Live Beautifully

Over time, your body's collagen production slows, resulting in fine lines and less elasticity. Isagenix Collagen Elixir can give you a boost of collagen which naturally declines as we age and helps nourish your skin from within to keep you radiantly beautiful.

It's all about keeping nature beautiful just like you, which is why Collagen Elixir is made with marine peptides from responsibly caught cod and pollock sourced from the Scandinavian seas, and following practices of the Norwegian fishing industry.

By using collagen with Marine Stewardship Council certification, we help ensure marine resources are protected and work to eliminate overfishing.

Additionally, the 100% recyclable packaging makes our marine Collagen Elixir fully sustainable from sourcing through to disposal and contains no artificial preservatives.
